Re: Letter of Support regarding the 2019 Capital Budget Funding Request of \$2,013,000 for the Wenatchi Landing Sewer Extension Project

Dear Senator Hawkins,

The North Central Washington Association of Realtors (NCWAR) is writing this letter in support of the much needed and long overdue sewer extension to the Wenatchi Landing development on the east end of the Odabashian bridge in Douglas County. The Wenatchi Landing project has broad-based support from multiple jurisdictions, government agencies, community organizations, and citizens of the Wenatchee valley.

The vision of the 2016 North End Master Site Plan is for the development of 283 acres to establish a prosperous center for job-creating industry and a tourist and recreation destination at the North End of East Wenatchee. The site plan has been extensively developed over many years but implementation has been delayed due to the lack of sewer service. Funding for the sewer extension is critical and will allow the public and private development to move forward.

The Wenatchi sewer extension project will instantly lead to much needed facilities for economic growth in our region and provide substantial benefits for local communities and Washington State. NCWAR is offering our strong support for the funding of the Wenatchi Landing Sewer Extension Project.

Sincerely,

A handwritten signature in blue ink that reads "Bryan R. Campbell".

Bryan R. Campbell
Director of Legislative Affairs

A handwritten signature in blue ink that reads "Brad Allen".

Brad Allen
President
